Learning poverty means being unable to read and understand a simple text by age 10. This indicator brings together schooling and learning indicators: it begins with the share of children who haven't achieved minimum reading proficiency (as measured in

File Type PDF Poverty Is Not A Learning Disability
Schools) and is adjusted by the proportion of children who are out of school (and are assumed not able to read proficiently).

For Low Ses Students

It is built on the premise that the time and money spent on special education services will be better used if educators focus on the needs of children with low school readiness skills before their deficits become so great that

File Type PDF Poverty Is Not A Learning Disability

neither intervention nor remediation will work, and before the childrenÆs self perceptions are so badly damaged that they quit trying to succeed and accept failure. Poverty Is NOT a Learning Disability challenges educators and parents to consider how low ...
